## How to Clean Fabrics

Cleaning  
velvet fabrics and knits  
– step by step.

1

## Vacuuming (regularly)

Vacuum gently in the opposite direction to the bristles to avoid flattening the velvet.

**Do not use turbo brush.**

2

## Gentle spot cleaning

for fresh stains:

**Clean a fresh stain immediately** using a clean, soft cloth in a circular motion, applying it gently without rubbing.

**Use a damp cloth** with lukewarm water and a little mild detergent, then gently wipe the stain in a circular motion.

**Allow the material to dry naturally, away from heat sources.**

Once dry, gently brush the bristles in one direction with a soft brush to restore softness and appearance.
