How to Clean knitted and faux-fur fabrics

Cleaning
MELLO
– step by step.

1

Vacuuming (regularly)

Use a soft vacuum cleaner attachment to gently remove dust and particles from the surface.

Vacuum in the direction of the bristles to avoid tangling the fabric.

Brush once a month with a tangle teaser brush (in the direction of the fibers)

Do not use a turbo brush.

2

Gentle spot cleaning

for fresh stains:

Gently blot fresh stains with a paper towel or soft cloth (do not rub).

Use a damp cloth with lukewarm water and a little mild detergent, then gently wipe the stain in a circular motion.

Allow to dry at room temperature. Once dry, you can gently brush the bristles, for example, with a soft brush, to restore their fluffiness.

Recommended product: OA Sofa Care

How to use:

Shake before use. Test the product on a hidden area. Spray the surface from approx. 10–20 cm and leave for about 30 seconds to allow the product to penetrate. Then clean thoroughly using a damp microfiber cloth. Remove the excess with a clean, dry microfiber cloth. Dry the area with a towel and allow it to dry completely.
