How to Clean Fabrics

Cleaning
ZIVA
– step by step.

1

Vacuuming (regularly)

Use a soft vacuum cleaner attachment to thoroughly remove dust and dirt from the crevices of the weave. **Gently vacuum along the grain of the material to avoid damaging the fibers.**

Do not use turbo brush.

2

Gentle spot cleaning

for fresh stains:

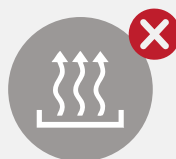

Gently blot fresh stains with a paper towel or soft cloth (do not rub).

Use a damp cloth with lukewarm water and a little mild detergent.

Do not rub - gently wipe the stain using a circular motion.

If you need to refresh a larger section of material, use gentle cleaning products and clean the surface in small sections to avoid streaking.

After cleaning, dry naturally – without a dryer or heat source.

Recommended product: OA Sofa Care

How to use:

Shake before use. Test the product on a hidden area. Spray the surface from approx. 10–20 cm and leave for about 30 seconds to allow the product to penetrate. Then clean thoroughly using a damp microfiber cloth. Remove the excess with a clean, dry microfiber cloth. Dry the area with a towel and allow it to dry completely.

3

What to avoid when caring for structural fabric?

INTENSIVE SCRUBBING

May damage the distinct structure of the fabric.

ROUGH BRUSHES AND HARD SPONGES

They can mechanically damage the fabric.

OVER-WETTING THE FABRIC

It may cause deformation or water marks.

STRONG DETERGENTS AND BLEACH

Avoid solvents or chemicals not intended for upholstery.

DRY FRICTION

This may cause the surface to pill.

HOT AIR DRYING

Dryers and heaters can damage fabric and discolor the color.

4

Protection and Refreshing

Fragrance refreshing and care **OA Aroma Cherry**

Use special products for upholstery fabrics – they neutralize odors and have a refreshing effect.

For cleaning, we recommend **OA Sofa Care**

A gentle yet effective product for removing stains from furniture fabrics. Safe for the fabric structure, restores freshness and aesthetics without risk of damage.

To protect the fabric from further stains, use **OA Sofa Protector**

Creates an invisible protective layer that prevents liquids from being absorbed and makes future cleaning easier.

Conscious use means a longer product life and preserved aesthetics.
