How to Clean Knitted Fabrics

Cleaning
MOO
– step by step.

1

Vacuuming (regularly)

Vacuum gently in the opposite direction to the bristles.

Do not use turbo brush.

2

Gentle spot cleaning

for fresh stains:

Clean a fresh stain immediately using a clean, soft cloth in a circular motion, applying it gently without rubbing.

Use a damp cloth with lukewarm water and a little mild detergent, then gently wipe the stain in a circular motion.

Allow the material to dry naturally, away from heat sources.

Once dry, gently brush the bristles in one direction with a soft brush to restore softness and appearance.

Recommended product: OA Sofa Care

How to use:

Shake before use. Test the product on a hidden area. Spray the surface from approx. 10–20 cm and leave for about 30 seconds to allow the product to penetrate. Then clean thoroughly using a damp microfiber cloth. Remove the excess with a clean, dry microfiber cloth. Dry the area with a towel and allow it to dry completely.

3

What to avoid when caring for knitted upholstery fabrics?

FRICTION AND INTENSE SCRUBBING

May destroy fibers.

ROUGH BRUSHES AND HARD SPONGES

They can mechanically damage the delicate surface.

OVER-WETTING THE FABRIC

It may cause deformation or water marks.

STRONG DETERGENTS AND BLEACH

Avoid solvents or chemicals not intended for upholstery.

VACUUMING WITHOUT A SOFT ATTACHMENT

When caring for and cleaning stains, use only a soft, gentle tip – touch, do not scrub.

HOT AIR DRYING

Dryers and heaters can damage fabric and discolor the color.

4

Protection and Refreshing

Fragrance refreshing and care **OA Aroma Cherry**

Use special products for upholstery fabrics – they neutralize odors and have a refreshing effect.

For cleaning, we recommend **OA Sofa Care**

A gentle yet effective product for removing stains from furniture fabrics. Safe for the fabric structure, restores freshness and aesthetics without risk of damage.

To protect the fabric from further stains, use **OA Sofa Protector**

Creates an invisible protective layer that prevents liquids from being absorbed and makes future cleaning easier.

Conscious use means a longer product life and preserved aesthetics.
